I know we don't belong
Everyone says it's wrong
We come from different ways
So I tried to erase everything that I felt
That I felt

CHORUS:

But then you kissed me and suddenly I don't care any
more
Something in me tells me you're the one I'm looking for
But then you kissed me and suddenly I don't care any
more
Something in me tells me you're the one I'm looking for

My heart is getting loud
I'm trying to keep it down
I wish the world could hear
But I can't help but fear that they'll take you away
You away

[CHORUS]:

But then you kissed me and suddenly I don't care any
more
Something in me tells me you're the one I'm looking for
But then you kissed me and suddenly I don't care any
more
Something in me tells me you're the one I'm looking for

[Bridge]

Palm to palm
Let lips do what hands do
They pray
Is it a sin
To do what we want to?
Don't care where we've been
Give me my sin again

[CHORUS]:

But then you kissed me and suddenly I don't care any
more
Something in me tells me you're the one I'm looking for
But then you kissed me and suddenly I don't care any
more
Something in me tells me you're the one I'm looking for
