You want to chase this rabbit down a hole  
You start to slide, and lose grip of control  
Make haste, it's time to ruin, or reward  
You say, give in, then, you beg for more

You'll bury this, slow down  
It's all this system breeds  
You'll bury this, slow down  
It's time to make amends

Save your eyes for this place  
Where I define you, myth, or desire  
When it's true love, you held dear  
Feel it rising

So cut me to size, I'm losing shape through all this  
You call me sublime  
You know that's such a waste of energy  
Will I change your mind if I could show you my way?

A black stain on your heart  
You know that's not what I wanna see  
You'll bury this, slow down, it's time to make amends  
(Always in vain, now)

Save your eyes for this place  
Where I define you, myth, or desire  
When it's true love, you held dear  
Fear your horizons

You want to chase this rabbit down a hole  
You start to slide, and lose grip of control  
Make haste, it's time to ruin, or reward  
You say, give in, and then, you beg for more

You'll bury this, slow down  
It's time to make amends, I crave you  
Set your eyes on this place  
Where I define you, myth, or desire

When it's true love, you feel  
Save your eyes for this place

Where I define you, myth, or desire  
When it's true love, you feel, here  
Feel it rising
