Leave me alone, I'm seething
I search for the truth and love in your eyes
Help me to feel I'm needed
I search for the truth to find you're mine

Bust myself back into pieces
I pull at the seam as you start to tear
Lead myself back to my coma shell
No better face left to bare

I see more than you
And I feel more than you

You're spinning me out

It's a better room now, it's a better place
I would beg you to scream at me
The voices cry, the fashion mold
They want the truth, not what it seems

Bust myself back into pieces
I pull at the seam as you start to tear
Lead myself back to my coma shell
No better face left to bare

I see more than you
And I feel more than you

You're spinning me out

Speak to me now
With guided tongue
See through me now
Look what you've done

I see more than you
And I feel more than you

Scrape me from the ceiling
These suckers want more
I feel the pressure belonging to all
Put fear in to my mind

I'm open to everything
I feel the strength of you
Give me this feeling I need, yeah

It's a better room now, it's a better place

I feel more than you
