I'm high above the world  
Why should I feel pain  
Or feel at all  
To be protected like a simple boy  
If I choose to let you down  
Begin to know

Your free to go  
Your free to go

I will fight 'til there's nothing left  
Cross the world together from this sinking ship  
Or drown alone here  
On the coast  
Facing nothingness  
Drawn to feel the emptiness  
Oh help me now  
Describe the scene

You're free to go  
(I can't face this face for another day, there's not one  
thing here I'd wanna change)  
You're free to go  
(I can't fake this face for another day, there's not one  
thing here I'd wanna change)  
You're free to go  
You're free to go

Simple boy, stay here  
Simple boy, don't wander  
Simple boy, you're safe here  
Simple boy, simple boy

When did we lose the plot  
We're running against the clock  
Don't hesitate  
Or you will never know

You're free to go, Simple boy  
(I can't face this face for another day, there's not one  
thing here I'd wanna change)  
You're free to go, Don't wander

(I can't fake this face for another day, there's not one  
thing here I'd wanna change)  
You're free to go, Simply boy  
(I can't fake this face for another day, there's not one  
thing here I'd wanna change)  
You're free to go, You're safe here  
(I can't fake this face for another day, there's not one  
thing here I'd wanna change)  
You're free to go
