Is it possible to know if I'm telling a lie?
It's treading with a piece
A piece that I can not hide

It's running with a smile
It's better than the last time that I tried
So sing it with your soul
It's coming and it's never late
When I come home

Egotistical, egotistical, ego fall
Egotistical, egotistical, ego fall below
Egotistical, we know, we know, we know

Is it possible to know if I'm dead or alive?
It's treading with a piece
A piece that I can not hide

It's running with a smile
It's better than the last time that I tried
So sing it without soul
And it's coming, it's never late
When I come home

Leave no light on for me
Leave no light on, this war, it rages in me
Leave no light on, this war, it rages in me
Leave no light on, this war, I fear it won't end
Leave no light on, this war, rages

It's running with a smile
It's better than the last time that I tried
So sing it with your soul
And it's coming, it's never late
When I

It's running with a smile
It's better than the last time that I tried
So sing it with your soul
And it's coming, it's never late
When I come home

Help me, I need light
