You're now in detention
You couldn't pay attention
Be a good man
Kissing ass is the way

Brainwashed, brainwashed
Respect the tie and suit
Brainwashed, brainwashed
Respect the man in blue
Brainwashed, brainwashed
They are better than you
Brainwashed, brainwashed

Brainwashed

They took your music books
You got a football to be cool
Respect the teacher, he knows best
Be a robot like the rest

Brainwashed, brainwashed
Respect the tie and suit
Brainwashed, brainwashed
Respect the man in blue
Brainwashed, brainwashed
They are better than you
Brainwashed, brainwashed

Brainwashed

Work to get your pay
Buying makes you a better man
Produce a generation of slaves
The system never really cared

Brainwashed, brainwashed
Respect the tie and suit
Brainwashed, brainwashed
Respect the man in blue
Brainwashed, brainwashed
They are better than you
Brainwashed, brainwashed

Brainwashed

Brainwashed from the start
Brainwashing the youth
They control your brain
And keep you from the truth

Brainwashed from the start
Brainwashing the youth
They control your brain
And keep you from the truth

Brainwashed from the start
Brainwashing the youth
They control your brain
And keep you from the truth

Brainwashed from the start
Brainwashing the youth
They control your brain
And keep you from the truth

Brainwashed

Work to get your pay
Buying makes you a better man
Produce a generation of slaves
The system never really cared

Brainwashed, brainwashed
Respect the tie and suit
Brainwashed, brainwashed
Respect the man in blue
Brainwashed, brainwashed
They are better than you
Brainwashed, brainwashed
