In God they believe - hate & war
A crusade of men
Killing is wrong - hate & war
For the Church it's OK

Death toll - on the rise
No one cares, no one cares

Shot and beaten is the way of man
Torture and knifed - who will be next?
Worked to death by the ones you respect
Hate & death & war

Attak on democracy - hate & war
It's an invasion
We take a country - Hate & war
It's liberation

Death toll - on the rise
No one cares, no one cares
Shot and beaten is the way of man
Torture and knifed - who will be next?
Worked to death by the ones you respect
Hate & death & war

Death toll - on the rise
No one cares, no one cares

Shot and beaten is the way of man
Torture and knifed - who will be next?
Worked to death by the ones you respect
Hate & death & war

Death toll - on the rise
No one cares, no one cares
