Destruction and hate in the world today
I wanna see blood on your face
People tell you this and people teel you that
Can't you see That they're all full of crap

When you go to school
Or when you go to work
There's always soembody
To tell you what to do
When you are at home
Your parents Pick on you
Dont' you think it's time to leave
And make it on your own
Think for Yourself!

Destruction and Hate in the world today
I fucking love this hate
When you see the news there is always hate

Why should I care when no one gives a damn

When I go to school and when I go to work
Always see somebodygetting mugged
out on the streets all alone
I feel full of anger of my own

Destruction and Hate in this world today
I love this anger in my head
When I go to school
When I go to work
Always getting beaten
Because I'm a punk

Punk, Punk, Punk, Punk
Say it one more time you Scums
Fuck you cunt
Fucking Hate!
