Into a scene, full of lies
Met you there, you seem alright
Gave you love, Gave you a heart
All you gave me broken heart

Broken heart, I want it back
Broken heart, I got it back

Oh my love, Oh my dear
What I gave you was so dear
Oh my love Oh my dear
What I gave you was so dear

Loved you dear, just so dear
Loved you dear, Oh so dear

Gave you love, Gave you heart
All you gave me broken heart
Gave you love, Gave you heart
All you gave me broken heart
Broken heart, I want it back
Broken heart, I got it back

[Solo]

Gave you love, Gave you heart
All you gave me broken heart
Gave you love, Gave you heart
All you gave me broken heart

Broken heart, I want it back
Broken heart, I got it back

Punk rock love!
