[Verse 1]

I'm rebel in a world full of hate
I'm a rebel because nobody cares
I'm a rebel the streets are all I've got
I'm a rebel you can't understand

[Chorus 1:]

If you see me on the streets don't mind me
Ain't no fucking answers you will get from me
If you see me on the street don't mind me
Ain't no fucking answers you will get from me

[Verse 2]

I'm a rebel getting stopped by the cops
I'm a rebel getting fired all the time
I'm a rebel to be looked at as obscene
I'm a rebel being a decent human being

[Chorus 1]

[Chorus 2:]

Rebel Rebel on the streets only way to be
Rebel Rebel look at me way only for me
Rebel Rebel take a stand what should I not stand?
Rebel Rebel Fight back don't look for us

[Verse 3]

I'm a rebel woken from his sleep
I'm a rebel I started at 15
I'm a rebel we're still on the road
I'm a rebel that's sick of the pigs

[Chorus 2 (x3)]

No hope for us, No hope for us
