sound from the streets - sounds from the slums
we are from broken home
noise from the street - noise from the slums
we ain't got no nice clothes
guitars from the streets - guitars from the slums
the way i talk ain't polite
voice from the streets - voice from the slums
i'm spreading rebellious songs

guitars full of hate - making noise
boots full of dirt - working hard
beers to forget - the hard times
noise from the streets - let me out

sound from the streets - sounds from the slums
unemployment hits my town
noise from the street - noise from the slums
see the homeless all around
guitars from the streets - guitars from the slums
need to get out to stay alive
voice from the streets - voice from the slums
i'm spreading rebellious songs

guitars full of hate - making noise
boots full of dirt - working hard
beers to forget - the hard times
noise from the streets - let me out

the is the voice of our streets
the one you don't see on T.V.
this is the noise of the real working class
the ones you don't read about in your magazines

sound from the streets - sounds from the slums
robbing and stabbing in my town
noise from the street - noise from the slums
crime and poverty all around
guitars from the streets - guitars from the slums
this punk music keeps me alive
voice from the streets - voice from the slums
i'm spreading rebellious songs

guitars full of hate - making noise
boots full of dirt - working hard
beers to forget - the hard times
noise from the streets - let me out.....let me out
