it's alright I'll come round when you're not in  
and I'll pick up all my things  
everything I ever bought with you  
but it's alright too  
it's just, everything I do  
we've done together  
and there's a little piece of you  
in whatever  
I got everything I need  
I got some petrol in the care  
I got some money with me  
there's just one problem

### CHORUS

You're the only one I want  
You're the only one I want  
You're the only one I want  
You're the only one I want

I know where I'm going  
I'm going to stay with my friend  
mmm yes he's very good-looking  
the only trouble is  
he's not you  
he can't do what you do  
he can't make me laugh and cry  
at the same time  
let's change things  
let's danger it up  
we're crazy enough  
I just can't take it

### CHORUS

we've tied ourselves in knots  
done cartwheels cross the floor  
just forget it already

(honey)
