Pick diamonds up set demons free  
Issue my fire  
On the weakened liar  
Last gang in town  
Set to burn it down  
I summoned you to the aftermath

Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me

Put your boots in man  
Put your boots in girl  
See the piggies fly  
See the system fail  
Said it isn't me  
Said it isn't you  
Change made by all and not by one

Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me  
Apnoea  
Bearing down on me
