Never felt so good before
Never dreamed I would explore
Making love in the positions
That you've got me doing

Never thought I'd beg for more
Never thought I'd find a man
Who could do it again and again
And then even do it like once again

I've never trembled in my life
I've heard about it once or twice but now I'm shaking
And I swear this shaking feels so nice
And I don't know what I'm goin' to do

'Cause I don't wanna be away from you
You shouldna felt so good
Lord knows, I've never felt this good, it's wonderful
Well, there's only one thing I need to know

Can I stay with you, babe
For the rest of the night?
Can I stay with you, babe
For the rest of my life?

Can I stay with you, babe
Through the end of all time?
Oh, baby, please
Let me stay through the night

I've never been so weak before
Never met a man so sure
Sure of how and when and where to touch
And just how much

I've never been to ecstasy
But now I'm feelin' it, feelin' it
Over and over and over
And over and over and over and over

Whatever I can do for your love
You just ask, consider it done and I'll do anything

Whatever you want, whenever you need it
And I just want to give it all to you

More than you could ever expect me to
I swear whatever you do
I'll do it three times back to you, I'm good to go
Well, there's only one thing I need to know

Can I stay with you, babe
For the rest of the night?
Can I stay with you, babe
For the rest of my life?

Can I stay with you, babe
Through the end of all time?
Oh, baby, please
Let me stay through the night

One night of love
It turned me around, it turned me
One night of love
And I'll never be the same

I'll never ever be the same
One night of love
And I'm deep in love
Blew my heart away

Can I stay with you, babe
For the rest of the night?
Can I stay with you, babe
For the rest of my life?

Can I stay with you, babe
Through the end of all time?
Oh, baby, please
Let me stay through the night

Can I stay with you, babe
For the rest of the night?
Can I stay with you, babe
For the rest of my life?

Can I stay with you, babe
Through the end of all time?
Oh, baby, please
Let me stay through the night

Can I stay with you, babe
For the rest of the night?
Can I stay with you, babe

For the rest of my life?

Can I stay with you, babe
Through the end of all time?
Oh, baby, please
Let me stay through the night
