Yesterday you told me that you love me  
And you love me for good  
You said that we'll get married  
When the time was right and I understood

But how long were you planning  
To deceive me?  
Love me and then leave me  
How long will you pull on with my love over my eyes?

Wish you had told me  
You were a family man  
'Cause if you had told me  
I would have made other plans

It wasn't very long ago  
You promised me that we'd go away  
Told me to be patient, you say  
Good things come to those who can wait

How long will you play with my emotions  
Treat me like a token?  
How long must you play your silly games  
With my heart?

I wish you had told me  
You were a family man  
'Cause if you had told me  
I would have made other plans

I wish you had told me  
You were a family man  
'Cause if you had told me  
I would have made other plans

Please, I've had enough of this mess  
Baby, oh, how long?  
How long?

How long will you play with my emotions  
Treat my like a token?  
How long must you play your silly games

With my heart?

I wish you had told me  
You were a family man  
'Cause if you had told me  
I would have made other plans

I wish you had told me  
You were a family man  
'Cause if you had told me  
I would have made other plans

I know it just ain't right  
To your feelings and your wife  
And all you lost is an alibi  
For mixing up my life

How do I love you like I do, I do  
I have perfect faith in you  
How could I be so blunt  
That you play me, play me for a fool

I wish you hadn't told me  
You were a family man  
'Cause if you would had told me  
I would have made other plans
