I don't like our situation, no
Things gotta change around here, yeah
Though I don't see no indication
That that change is very near, oh yeah yeah

'Cause every time I look in your eyes, yeah
I see the girls and all of the lies you tell me
Just when I thought things are alright
No way my mistake you never change

Here comes the pain again
Here comes that pain you bring to me
Here comes that same old pain again
Well I don't feel much like feeling that pain

Call it womans intuition
But I don't feel like you're sincere, no
Oh, and I get these premonitions baby
One day you'll have me back in tears, yeah

'Cause every time I give you my heart
You take it and you tear it apart so slowly
Just when I think love is alive
No way my mistake you let it die

Here comes the pain again
Here comes that pain you bring to me
Here comes that same old pain again
Well I don't feel much like feeling that pain
Again, oh again, again
Well I don't feel much like feeling that pain

Why should I give my heart, to have it torn apart?
I gave my best hoping someday things might change
for me
Though I can't foresee
I just know that you'll bring back the pain

Here comes the pain again
Here comes that pain you bring to me
Here comes that same old pain again
Well I don't feel much like feeling that pain

Don't wanna love you no more
I'm through with love for sure
Well I don't feel much like feeling that pain

I don't wanna want to go around
Tired of being let down
Well I don't feel much like feeling that pain
Again, ohh
Oh, no no no, baby
Ooh yeah, that pain again
