I'm a believer  
I paid for my sin  
Stand over the water  
Watch my ship come in  
I was blind but now I see  
It was right there in front of me  
I was the reason  
For the perfect mess  
I covered up my failure and called it happiness  
I been untrue  
I been unkind  
Then you come in like the lightnin' from the sky  
Pickin' up the pieces in the middle of the night  
I cried oh baby  
I'm broken  
There's a price you're gonna pay  
You jumped in the fire, you saved me any way

Chorus  
Open up the up the sky  
All gather around  
Praise the lord and  
Take a look at what i found  
(I got a) love that's as big as raging storm  
I got walls coming down that I need no more  
I got a sign on the door that says  
Lonely don't live here anymore

There was a moment i prayed for my soul  
(I was) Crawlin' and hiding in a  
Deep dark hole  
I cried in the morning  
I cried in the night  
I was a drifter  
Caught in the wind  
Prepared to lose but I was  
Tryin to win and I was breakin all the records on givin in  
Then you came in like the lightnin from the sky  
Picking up the pieces in the middle of the night  
I cried oh baby I'm broken  
There's a price you're gonna pay

You jumped in the fire, you saved me any way

Chorus

Then you came round while I was walkin on the wire  
Stood there underneath me  
And you saved me from the fire  
And God might be the king  
In the land of the free  
But you're the blessed saviour  
You're the one I need
