I thought it was all in my head
But something felt wrong in my heart
Guess I was a fool to believe
Nothing could tear us apart
Little by little we've changed
Maybe we'll never know why
Something is gone from my touch
And it's written deep in your eyes
We'll never be the way we were
So why are we tryin' to pretend
If we know it's gonna hurt
It's better left unsaid

You don't have to say a word
'Cause deep inside I already know
You can't keep holding on
Just because I can't let go
I'll be all right, try not to cry
When you walk out my life
Just leave me
With a beautiful goodbye

Forever is easy to say
But now our forever is gone
Can't you see nobody's right
When all that is left is all wrong
I'm gonna miss what we had
And even though it's killin' me
Gotta see things
The way that they are
Not the way
That I wish they could be
We'll never be the way we were
So why do we try to pretend
If we know it's gonna hurt
It's better left unsaid

You don't have to say a word
'Cause deep inside I already know
You can't keep holding on
Just because I can't let go
I'll be all right, try not to cry

When you walk out my life
Just leave me
With a beautiful goodbye

And it feels
Just like
A dream the moment
That you wrap
Your arms around me
The only place I thought
I'd ever be
Until I realize
It's for the last time

You don't have to say a word
'Cause deep inside I already know
You can't keep holding on
Just because I can't let go
I'll be all right, try not to cry
When you walk out my life
Just leave me
With a beautiful goodbye

You don't have to say a word
'Cause deep inside I already know
You can't keep holding on
Just because I can't let go
I'll be all right, try not to cry
When you walk out my life
Just leave me
With a beautiful goodbye
