Yes Indeed I'm all alone again
and here comes emptiness crashin in
it's either love or hare, i can't find in between
I've been with witches and I've been with the queen
it wouldn't have worked out any way
so now it's just another lonely day hey hey

Further along we just may
but for now it's just another lonely day hey hey

wish there was something i could say or do
cause i can resist anything but a temptation from you
I'd rather walk alone than chase you around
I'd rather fall myself than let you drag me down

it wouldn't have worked out any way
but now it's just another lonely day hey hey

and further long we just may
but now it's just another lonely day hey hey

yesterday seems like a life ago
cause the one i love today i hardly know
and you i held so close in my heart oh dear
grow further my with every falling tear

it wouldn't have worked out any way
so now it's just another lonely day hey hey

further along we just may
but for now it's just another lonely day hey hey
