Break break away from everything  
Cut cut it up and start again  
Know know there's nothin' in between  
But anyway  
How much did it ever really mean

I I was the keeper of the score  
Blind blind and broken on the floor  
You You were the soldier in this war  
But anyway  
Was it it me that you were really looking for

*[Chorus]*

I am ashes  
I am wreckage  
I am careless  
I am breaking  
You are fearless  
You're the saviour  
We are dangerous  
No more

Made made a mess of everything

Prayed prayed that it would never end  
I I'm not angry bout a thing  
But anyway  
How much longer can you keep it in

Show show a side I'd never seen  
Go go somewhere you're never been  
Reach reach for something in between  
But anyway  
How much did it ever really mean

*[Chorus]*

After all that might have been  
After all that could have been  
After all that should have been  
I'm falling in

*[Chorus]*

No more, no more, no more
