Sink or you can swim  
But you can't change it now you're fallin' in  
So drift or you can fly  
Just don't waste it all on

Reasons why you break when you can mend  
It's not that easy turnin' 'round again  
I know it's hard to hear  
But after all that's said and done it will disappear

Don't look so sad, it's not that bad  
You know, I won't let go, no  
Don't look so sad, you know to go down  
Easy is the hardest way to go

Laugh or you can cry  
But know a million tears will always dry  
So face what you can't hide  
You know it's waiting on the other side

So crash and you can burn  
You know there's always something there to learn  
In time it goes away  
But after all that's said and done it'll be okay

Don't look so sad, it's not that bad  
You know, I won't let go, no  
Don't look so sad, you know to go down  
Easy is the hardest way to go

It's all the same I know  
When everything is sinking in  
But one day you'll wake to find  
It's best to leave it all behind  
You're at the end so start again

Don't look so sad, it's not that bad  
You know, I won't let go, no  
Don't look so sad, you know to go down  
Easy is the hardest way to go

It's the hardest way to go
