Jackson Hole (Better in_)

Kasey Chambers, Shane Nicolson — Rattlin' Bones

Note: (Drop D tuning - Chords D - F - G)

I'll trade those city lights and crowded sky's
Roll down Snake River with a box full of flies

Come on White Water make this old girl sing
And teach this young girl how to Western Swing

Life's gonna be better now Better in Jackson Hole

No California dreaming, anymore,
I'll put Wyoming out of my back Door

Life's gonna be better now Better in Jackson Hole

Get a little bit of Rise and fall
Get a little bit of Rise and fall
Don't take no wedding ring, Don't set no Trap
We're chasing freedom at the end of the Map

Life's gonna be better now,
Better in Jackson Hole

{Instrumental Verse}

Get a little bit of Rise and fall
Get a little bit of Rise and fall
Life's gonna be better now
Better in Jackson Hole

{Instrumental Verse} — { Instrumental Chorus} -
Fade out.
