The Time When I Am With You  
Every Thing Looks Good  
When You Place Your Lips On My Lips  
How Can I Forget The Teaste Of This Kiss  
And The Time When Words Are Helpless To Speech  
I Just See The Feelings When We Was On Stream

I Remember The Time With You  
It Was The Best Age of My Life It's True  
The Time When Our Story Made  
Come'n Baby Look In My Eyes You ll Can See Just Wait

Still Glance That You And Me Standing In Rain  
Your Wet Clothes Invoke A Pain  
And When I Grip You With My Arms  
In That Time You Looks More Lovely With Your Charm  
Still Your Smell In My Mind When I So Close To You  
But I Don't Know That I Will Lose You

I Remember The Time With You  
It Was The Best Age Life It's True  
The Time When Our Story Made  
Come'n Baby Look In My Eyes You Can See Just Wait
