Kalifornia, have you gone wild?
I'm sifting through your dark miles
Reaching out for you
In the headlight's glare
But you're way to devious
To be aware

Restles, restles
Windswept road
Take me someplace
Unfold

Kalifornia, in a bleak road song
Old nick warned me
Against the storm
But I'm your slipstream
You're my trail
Drive wild with me
Full sails

Restles, restles
Windswept road
Take me someplace
Unfold

Sometime
Get there sometime
