Man have I been far away?  
In short of words  
Afraid of nothing  
With nothing at all around  
How could you know?  
How could I have let you know  
When there was all but nothing in me

Yes I blew it all away  
Into public air  
It was right in front of me  
It was almost there  
How could they know?  
I can understand how little  
They could understand of what went...

Down and down and down it goes  
When stepping off the open road

But you've been spreading dirt my friend  
Words that were untrue  
Crowned yourself among the men  
That gave so much to you  
I think you should know  
There is only so much time  
Before your sad song comes around, and...

Down and down and down you go  
When stumbling on the lies you told  
Down and down and down you go  
Ask me who I wouldn't know

Sail on  
Sad one

Precious, precious  
You've lost your halo  
Senseless, aimless  
You chose your own road  
And you will walk on endlessly  
Thinking that you're clean

But I hope you know...

Down and down and down you go  
When stumbling on the lies you told  
Down and down and down you go  
They ask me who I wouldn't know

Sail on  
Sad one
