Brakes on, please

Brakes on, please

Focus, freez

Ain't no other bitch in this world dealer than me

C'mon, I got too much of a lead

And at your speed, it's hard to say you fuckin' with me

Fall back and hit your head bitch or come up dead bitch

The war ain't over 'til I come up wit your head bitch

Came a long way, waited my turn, tempted to eat

Held my ground and my heat, on the strength of the street

'Cuz I had to win, battle niggaz left me staggerin'

Unstoppable bitch, why sleep now when I haven't been

Label me the miss of this shit

I've never fell but that don't stop bitches from wishin' as shit

(Shit)

Chevy made her

Without a doubt, a heavy weighter

And without a doubt, that's why they hate her

I cock and deliver

'Cuz I'm holdin' at my spot and the leader

Want her, come and get her

I guess y'all bitches beta reconsider

Brakes on, please

Focus, freez

Ain't no other bitch in this world dealer than me

The miss of this shit

You've been missin' the shit

Position the hit

Ain't miss of a shit

Brakes on, please

Focus, freez

Ain't no other bitch in this world dealer than me

She the B-I-O-O-Dline bitch

Clear your mind bitch
Ain't no way you fuckin' wit mine bitch

Brakes on, please
Focus, freez
Ain't no other bitch in this world dealer than me

Look skeezer
Take a breather, you lookin' at the leader
Throw in the towel, y'all bitches will never beat her

Please take notice, stop breathe focus
You lookin' at a bad bitch, your pack seem bogus
Rap is a competitive sport
If yo ain't got your mind right, your head'll get caught
I'm like a fuckin' John niggaz, stop listen and learn

Spit vicious and burn niggaz, cremate and urn niggaz
Defeat my opponents, yea, hungry and eat my
opponents
I like to take this time out to break thru the donuts
Came into this muthafucka wit my head straight

Came into this muthafucka beggin' for a plate
Battle niggaz and bitches that bite mocks and stitches
They competitions get ditches
Damn it, the bitch is vicious
You can't beat her, you can't harm a eeva
Hunk your brace bitch don't make me have to palm the
heater
'Cuz you can't get credit, you quit, that's how it get
Don't get big fucking with the realest bitch of the shit

'Cuz you can't, you hoes just hate to admit it
The truth hurts, that's why y'all hoes hate when I spit it
But I'm the chiefrunner of this shit, stay in your place
Please step on your brakes 'fore I step on your face

See they wanna catch me sleepin' and step in my space
Hold the plots up in 'em, all I got is venom
Think you got some chicks in your team, hoch the

I was born with the shin in my jeans not my denim
You can wait stop thinkin' bullshit thoughts
