Hiding out behind the birch
and frozen lakes
the view of things seems clearer here
and my mistakes
don't fill out the capacious bags
that I dragged upstairs
gives me time to grow a love
where I had fear

How long will you wait
at the shady end of the slope?
Am I already late
with my pyramid-sized hopes?

Stillboy holds his breath
'til something appears
all dumb, all deaf, all turned over
to the wolves

Stepping out of everything
to nothingness
'cause at every tick of the clock
our time weighs
a little less

How long will you wait
at the shady end of the slope?
Am I already late
with my pyramid-sized hopes?

Stillboy holds his breath
'til something appears
all dumb, all deaf, all turned over
stillboy waves his hand
one time too many
all dumb, all deaf, all turned over
to the wolves

Like the chickens need the fox
and daylight longs for the dark
I excuse myself to go and make my

mark

Stillboy holds his breath
'til something appears
all dumb, all deaf, all turned over
stillboy waves his hand
one time too many
all dumb, all deaf, all turned over
to the wolves
