Akua Tuta (English):

Be careful what you do
Be careful what you do with the thing that has given to
you
Be careful what you do
Be careful what you do... the way you were raised

Be careful what you do
Be careful what you do with the thing you protect
Be careful what you do

Be careful what you do with the thing which has helped
you

Take care of our land
Be careful what you do – the way you were raised
Take care of our grandfathers
Take care of our grandmothers too
Take care of your children and your brother and
sister's children too
