Introduce myself
(self, self, self)

Let me intruduce myself
Let me show you who I am
When you're feeling not so well
I will make you happy again

Let me introduce myself
Let me take care 'bout you boy
When you're feeling not so well
I will bring you joy

You don't even know
That I exist
Should I give you a sign
Should I send you one gentle kiss

When I see you boy
Walking down the street
I lose control
Tell me what exactly does it mean

Let me intruduce myself
Let me show you who I am
When you're feeling not so well
I will make you happy again

Let me introduce myself
Let me take care 'bout you boy
When you're feeling not so well
I will bring you joy

You don't even know
That I'm the one for you
It makes me so excited
Makes me someone new

When I see you boy
Walking down the street
I lose control
Tell me what exactly does it mean

Let me intruduce myself
Let me show you who I am
When you're feeling not so well
I will make you happy again

Let me introduce myself
Let me take care 'bout you boy
When you're feeling not so well
I will bring you joy
