When I was young I could hear the sound  
A melody pure and a rhythm loud  
Oh, the sound took me away  
Carried through the vastness of outer space

All my life Iâ€™ve been a star,  
Holding a light up in the dark.  
While I try to keep clear  
Of all the waves in your atmosphere

All my life Iâ€™ve been a star,  
Holding a light up in the dark.  
While I try to keep clear  
Of all the waves in your atmosphere x 3
