Crazy how you can run away  
Lookin' out for a better day  
Can you decide  
What you're feelin'?

Don't wait to take what's there  
And then make it what you want  
All that you need to have  
Is right there inside your heart

No need to look around  
When you could be lookin' in  
You say you'll find  
You will find it

Love is here and will always stay  
It's you who chooses to look away  
You can decide  
What you're feelin'?

Don't wait to take what's there  
And then make it what you want  
All that you need to have  
Is right there inside your heart

No need to look around  
When you could be lookin' in  
You say you'll find  
You will find it

Make it what you want  
Make it what you want

Don't wait to take what's there  
And then make it what you want  
All that you need to have  
Is right there inside your heart

No need to look around  
When you could be lookin' in  
You say you'll find  
You will find it

Don't wait to take what's there  
And then make it what you want  
All that you need to have  
Is right there inside your heart

No need to look around  
When you could be lookin' in  
You say you'll find  
You will find it
