I like the way we move  
I like the way

I like the way we move  
From left to right  
I like the way we move  
Close by my side

I like the way  
I like the way we move  
From left to right  
I like the way we move  
You're close by my side

I like the way we move  
From left to right  
I like the way we move  
Close by my side

Don't matter where we are  
I like the way we move  
Don't matter where we are  
I like the way

No matter where we are  
I like the way we move  
I like the way  
No matter where we are
