Backstage one night, at a show
Two girls in the cave, Two slidin on the pole
You know me, I'm goin with the flow
On a scale from 1 to 10, I let the fifth one go
Back again with a throwback track
Well barrel, just tryin to hang a black
My whole crew's been to hell and back
Grey goose got me loose
Nothing wrong with that...

Matter fact bring em back to the back
I need a broker with a boobie she got it like that
Nibble on my neck girl I gotta bite back
The ghost ain't picky
Give me white or black

Let me tell you what I wantcha to do
While the DJ's bangin on the one's and two's
Keep your home girl walkin on through
Let's party like rock stars totally dude

X2
Tell me what you wanna do
Let me tell you what I wantcha to do
(Who do you want me to be)
(To make you sleep with me)

Show me whatchagondo
Show me what you wanna do
Let me tell you what I wanna do
(You are an obsession)

The party don't start til we walk in
Got 5... 10... 15 friends
Might bring 20 but it all depends
Club got rules but rules get bent
Might drink patron, might drink gin
Might get a little bitty sip of that Henn
Might do this, might do that...

Might get ghost and slip out the back
She all rubbin on me huggin on me

Ex girlfriend lookin at me
I'm in trouble homie
I swear I promise you know it wasn't me
Girl I'm broke as a joke
And I tried to leave
But damn it ain't no fun
When the rally got the gun
When your rollin outta the club
And see the rides in the sun
Open up ya eyes
The real eyes are dumb
Do I regret it
Hell no cause damn it was fun

She's aggressive

Last call...
Last call for alcohol
Girls still on me and we havin a ball
Somethin bout the way she sippin on that straw
She's crazy, sexy, and damn she's raw
She told me she had an obsession
Whispered in my ear with all these confessions
Body all wet got me thinkin' bout sex
Will you have me girl that's the question

Tell me what you wanna do
Let me tell you what I wantcha to do
(Who do you want me to be)
(To make you sleep with me)

Show me whatchagondo
Show me what you wanna do
Let me tell you what I wanna do
