"Devils House Part III"

War cry united us together
The total frenzy, hungry house of sex
Silent sonnet of soul's sea
Satan, it feels good
On my leg chasing rat

In a diabolic scream
The Black Ruler
I dare to ask
For naive, ready virgin

Her legs like a cold shadow
Wrapping my torso, slippery and wet
Just when will she sit near me

Wish I could touch her

Venom burns blood
Poisoned devil's child
The venom burns blood
Poisoned dead child

In a diabolic scream
The Black Ruler
I dare to ask
For a secret passage
To Hell

'cause
My Black Lord
I wonder
Surely 'cause
'cause
No bodies
No souls.
