Ooooooh!
Aaaah!

If it wasn't for my pain
Then I wouldn't know my strength
If it wasn't for my future
I won't be fighting here today

And of course I know my way up
Cause I fell the same way down
What matters is what you do
When the troubles come around

Take a step now
Get up on your feet
Gotta be brave
No clouds above thee

Follow your heart
And then you'll see
There's always a way
Hold on tight
Tomorrow will bring
Every key to every locked dream
It ain't hard as it seems

Baby don't cry
Things are about to change
Baby don't cry
Things are about to change
And all the hurt and the tears
Will be just history
And all the doubts and the stress
Will be just history
And all the hurt and the tears
Will be just history
And all the doubts and the stress
Will be just history

Your mind carries heavy weight
And your knees are kinda weak
You wanna run and fly away

But you hurt the wound is deep

You feel like it's time to give up
When your soul is crying loud
Nothing lasts forever
You will find your way out

Take a step now
Get up on your feet
Gotta be brave
No clouds above thee

Follow your heart
And then you'll see
There's always a way
Hold on tight
Tomorrow will bring
Every key to every locked dream

It ain't hard as it seems

Baby don't cry
Things are about to change
Baby don't cry
Things are about to change
And all the hurt and the tears
Will be just history
And all the doubts and the stress
Will be just history
And all the hurt and the tears
Will be just history
And all the doubts and the stress
Will be just history

Things about to change
Oh yes, we can
Things about to change
Yes, yes we can

Things about to change
Oh yes, we can
Things about to change
Yes, yes we can

Things about to change
Oh yes, we can
Things about to change
Yes, yes we can

Things about to change
Oh yes, we can

Things about to change
Yes, yes we can

Things about to change
Oh yes, we can
Things about to change
Yes, yes we can

Things about to change
Oh yes, we can
Things about to change
Yes, yes we can

Baby don't cry
Things are about to change
Baby don't cry
Things are about to change
And all the hurt and the tears
Will be just history
And all the doubts and the stress
Will be just history
And all the hurt and the tears
Will be just history
And all the doubts and the stress
Will be just history
