You keep on telling me what to do  
Baby, baby, baby, boo  
I'm saying, I'm saying goodbye

Give me a moment  
Give me a minute to look in your eyes  
I know you know it  
You get a kick out of making me cry

Think you're cute when I'm fly  
Like I can't get another guy  
You got nerves to sit and laugh  
Like this is gonna really last

No more hurt, no more lies, no, no, not this time  
Enough with your lies  
I believed in this love but you crossed this line  
I'll enjoy saying goodbye

Don't try to phone me  
Don't try to reason, there's no second try, oh no  
See I told you  
I'll be the only one left with a smile

Though it was cute, look at you  
Now you should meet the other guy  
Thanks to you and only you  
Now how it feels in the other side?

No more hurt, no more lies, no, no, not this time  
Enough with your lies  
I believed in this love but you crossed this line  
I'll enjoy saying goodbye

One minute you had the best of me  
I was so sad you wouldn't believe  
Now you wanna know his name  
I'm in love, what a shame and, ooh, it's too late

No more hurt, no more lies, no, no, not this time  
Enough with your lies  
I believed in this love but you crossed this line

I'll enjoy saying goodbye

No more hurt, no more lies, no, no, not this time  
Enough with your lies  
I believed in this love but you crossed this line  
I'll enjoy saying goodbye

Goodbye, goodbye, goodbye  
Goodbye, goodbye, goodbye  
Goodbye, goodbye, goodbye
