yeah, what up y'all
it's ray j
i need everybody to turn the lights on
we rockin' on with my man, dj nico

kat deluna:
underneath the sunlight
i'll do what you've been waiting for
are you the type to act shy
if you are then i'll take control
i don't plan on waiting all night
prove to me that you are the reason
i've been waiting patiently for your touch
show me that you're worth the type that i have

you're the one that i have been waiting for
hold me down one night,
give me all your lovin
let's enjoy the beauty of life
take me by the hand and let's run away for life
give me your love
give me your love

staring at me all night
watching me while i'm on the floor
touch me cause i won't bite
where's the light cause i need to know
something that i see in your eyes
telling me you want me but you're too small to
try and steal the key from my heart
waiting for the moment you come and say hello

you're the one that i have been waiting for
hold me down one night,
give me all your lovin
let's enjoy the beauty of life
take me by the hand and let's run away for life
give me your love
give me your love
all your love x3

give me your love x5
