I'm the textbook definition of a rebel  
I see the come over left and I gotta go right  
I'm always in some trouble  
To me life ain't fun unless you're in a good fight

So the more you're good to me  
The more I try to get you to leave

All my life I've made excuses  
Pushing you away  
Saying that you're not for me

All my life I've ran from you, babe  
I tried everything  
In the end it was you  
In the end, in the end it was you

All I wanna do is have a good time  
Let the beat go through me and just take me away  
You've been trying to get with me for a while  
And I've been telling you to save that for another day

So the more you're good to me  
The more I try to get you to leave

All my life I've made excuses  
Pushing you away  
Saying that you're not for me

All my life I've ran from you, babe  
I tried everything  
In the end it was you  
In the end, in the end it was you

No, no, no, I never would've thought  
You'd be the one that I'd be with in the end  
Lately I never would've dreamed  
That you and me would be together in the end

No, no, no, I never would've thought  
You'd be the one that I'd be with in the end  
Lately I never would've dreamed

That you and me would be together in the end

All my life I've made excuses  
Pushing you away  
Saying that you're not for me

All my life I've ran from you, babe  
I tried everything  
In the end it was you  
In the end, in the end it was you

All my life I've made excuses  
Pushing you away  
Saying that you're not for me

All my life I've ran from you, babe  
I tried everything  
In the end it was you  
In the end, in the end it was you
