The very first day of my life
Was the day that you let me go
And it was a blessing in disguise
Now i see that i'm beautiful
Cause all we ever did was fight
We were so dysfunctional
Now i forgotten all the times
And all the days that i was lovin you.

Just like a ghost from my past (he's come back to haunt
me)
Saying that you want me back (look at its impossible
so...)

Love me, leave me
Cause ive already closed that door
Don't want to be
In the pain i felt before
If i only could be myself
Without your approval anymore
(if you love me leave me)
If you love me leave me alone

Now there used to be a time

That i woulda taken you back again
But now that i have you out my mind
Now i'm totally independent
So you can save your little lies
Cause i know whats happenin'
Your missin' me but say goodbye now
To all the days i was lovin' you

[Pre-Chorus]

[Chorus]

If you really wanna help
Than you should go
Cause i promised myself
I'd let it alone

At the back of the shelf
Cause where i put what we had
I'll never going back, no

[Chorus]
