Yeahh..
Yeaaaahh...Kat Delunaaa!
La, la, la, la, la!
I've got that fever of the Saturday night,
And it's out of control,
oh, out of control!
It's a disease that makes
you lose your mind,
Once you get to the floor,
oh get to the floor!

I just wanna
Go down, down, down, down!
Losing all this...
This is how we party!
We gonna spend the money, act crazy,
Like the famous!
Party!
Spend the morning, act crazy,
Can't change us! Party!
Till the morning, act crazy,

Like the famous!
Party!
Till the morning, act crazy,
Like the famous!
Party!
Lalalalalalala
Everybody at dance!
Lalalalalalala
Make everybody dance!
Lalalalalalala Everybody at dance!

Get down!
I'ma suck up all the crazy life! That's right
We're always craving for more,
That's right!
Always craving for more!
Craving for more!
..and hide through the night,
Watch me as I explode, as I explode!
Down, down, down, down!

Spark a little round, round, round!

This is how we party!
We gonna spend the money, act crazy,
Like the famous! Party!

Spend the morning, act crazy,
Can't change us!
Party!
Till the morning, act crazy,
Like the famous! Party!
Till the morning, act crazy,
Like the famous! Party!

Lalalalalalala
Everybody at dance!
Lalalalalalala
Make everybody dance!
Lalalalalalala
Everybody at dance!
