Time to wake up the world
RedOne! It's party o'clock
Hello world, Kat Deluna
Hello world, one more time
Wake up, wake up, it's party o'clock
Got to do that di da di da di da di da di da
Oh Oh Oh Oh

I don't even check the time, I just look up to the sky
When the sun goes up, then the party's going down
Ain't nobody going home, bout to take off on the floor
We gone lose it to the music till they kick us out the
door
Then we party in Miami, party in Ibiza
Party in New york all the way to Africa
Love in the Caribbean on my way to Vegas
Here go San tropez and Tokyo.

Hello world hello world wake up wake up
Its party o'clock hello world hello world
Wake up wake up its party o'clock
Got to do that di da di da di da di da di da
Oh Oh Oh Oh

We don't need an inno sleep, home there every night
of the week
We just nap on the plane, then we be right back to the
heat
Oh yeah we gone mash it up and never gonna give it up
It's the club like we're living where you're at we pick you
up
Then we party in Miami, party in Ibiza
Party in New york all the way to Africa
Love in the Caribbean on my way to Vegas
Here go San tropez and Tokyo.

Hello world hello world wake up wake up
Its party o'clock hello world hello world
Wake up wake up its party o'clock
Kat Deluna Party O'clock
Got to do that di da di da di da di da di da

[Onassis version]

Hello time to jiggle like jello feeling kind of
Good nigga got me feeling mellow and um we gone
Party like pebbles petal to the metal while I spin
Like a navel[?] everybody bra bra stop it with the
Blah blah head so high you would think I'm smoking
La la we don't want no drama hotter than lava we be
Rocking the Bahamas mamma will you take my hand

On baby lets dance let me say the words try spark a
Romance let me show you things that you've never
seen

Breath liked you never breathed spread you wings
