Oh

No, no, no, no

Ah ah

I tell a story how,

I tell that hands and

Reach through love.

I came without his crown,

Falling queen

As tears come down.

Secretly words

Shedding his demise.

Next to his body,

You know what's found.

I believe

I can live without,

The one who cares for me.

[Chorus]

You are only mine,

I am only yours my baby,

You are only mine,

I am only yours

Oh So where do we go now?

When can we fly

Above the clouds?

Just like a tell-a-tale,

A king and queen

In heaven's frown.

That's how I'm feelin'

About you now,

Don't wanna live

Without your love,

I believe

And I've really found,

The one who cares for me.

You are only mine

(Oh)

I am only yours my baby

(I am only yours)
You are only mine
(You are only mine)
I am only yours

I know you know
That it's so true,
My love's only for me
And you,
What can I say?
I'm so happy
To have you baby, baby.
I know you know
That it's so true
(You know, our love)
My love's only for me
And you.
What can I say?
I'm so happy
To have you baby, baby.
(Yeah, oh yeah)

You are only mine,
I am only yours my baby
(I'm only yours)
You are only mine,
I am only yours
(I am only yours)
You are only mine
(My baby)
I am only yours my baby
(You are only mine)
You are only mine
I am only yours
(Only yours,
Only yours,
Only yours)
