"Is Everybody Here on Drugs"

She takes her happy pills
They keep her happy
Is everybody here on drugs?

Mad cows like bumble bees
With chemistry degrees
Is everybody here on drugs?
Here on drugs, here on drugs

The uberlords did stop the flow
No snow, no show, bad scene
The uberlords when they see fit
Will give our lives new meaning

Spin doctor aim for free
Lest we speak honestly
Is everybody here on drugs?
Here on drugs, here on drugs

The uberlords did stop the flow
No snow, no show, bad scene
Uppers, downers, you don't hang around us
We'll give our lives no meaning
No meaning, no meaning, no meaning

Don't need your poison
Me, I'll dig your melancholy
And everybody here

The uberlords did stop the flow
No snow, no show, bad scene
Uppers, downers, you don't hang around us
We'll give our lives no meaning
No meaning, no meaning, no meaning
No meaning
