Those two lights are one,  
With the brightest ever smile,  
No way the way out,  
And no resolutions.  
One heady daze of fun,  
Do you follow a child around?  
It was easy,  
It all came naturally.

And oh,  
It's no perfect day,  
No-one could deny,  
He left, stolen away,  
I wish you could have seen it.

To where have you been led,  
By a beating ache in your head,  
If you only came,  
The world shines with you.

A frenzied search for profit,  
For a future you couldn't have,  
You're tried and tired,  
Leave and disappear.

And oh,  
It's no perfect day,  
No-one could deny,  
He left, stolen away,  
I wish you could have seen it.

Ah-ah, ba-ba-ba-ba-ba,  
Ah-ah, ba-ba-da-da-da.
