"To & Fro"

Visit "[To & Fro](#)" on MotoLyrics.com

If you swing to and fro let your inhibitions go
They're crippling and useless
I'll be your enemy if that's what you want me to be
Yeah that'll do nicely
I know this world's got the measure of me
And I know that I'm not quite as sure as I should be
Life's such an irritant for a picture of innocence like me
Now what do you take me for?
And so much is waiting, oh waiting for me
My guaranteed cemetery
I know this world's got the measure of me
And I know that I'm not quite as sure as I should be
Sure as I should be
Sure as I should be . . .
