NOTE: This is Akanishi Jin's solo song  
from the single DON'T U EVER STOP (2008)

Don't know where you're from  
Never seen you around  
But that don't mean nothing to me  
Just want a taste of that

Drop that shit life

She stood there waiting alone  
Green eyes her shoulder exposed  
Smiling and biting her straw  
She gave me one look, I froze

Her sexy inviting eyes  
My hand on her hips as we grind  
She whispered in an accent unknown

"Just let go, let the music take control babe  
Move your body, nothing crazy  
So take it slow, there's so many things I want you to  
know  
I ain't leaving you, cuz I'm yours tonight "

I can tell you want me too  
A every time i think of you  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

I can tell you want me too  
A every time i think of you  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

"Oh", "Oh", "More", "Slow"

Classy like none of those hoes  
Pretty little frame under her clothes  
Those lips as red as a rose  
Vibing to the beat from Boze

Don't rush the night still young  
Take it to the room and sex things up  
I can see you out my name,saying

"Don't stop,more " I'm trying to see how your lips feel  
babe  
All we need is body language  
And now I know,I falling for you and I just can't lie

I won't go nowhere cuz I'm your man tonight

I can tell you want me too  
A every time i think of you  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

I can tell you want me too  
A every time i think of you  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

See,I've been all around the world but ain't (seen  
nothing 2x)  
Like you,don't matter where you're from,it don't (mean  
nothing 2x)  
See,I've been all around the world but ain't (seen  
nothing 2x)  
And how I got four minutes to take you back,girl we can  
(be something 2x)

I can tell you want me too  
A every time i think of you  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

I can tell you want me too  
A every time i think of you  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

I can tell you want me too  
A every time i think of you  
I can tell you want me too  
That luscious drink your lips produce  
I can taste that sweet LOVEJUICE

I can taste that sweet LOVEJUICE
