The perfect distraction
You turned out to be
Feeding my passion
With sweet misery
Fueling my heartache
Driving my soul
Such contradiction
But I couldn't let go

It's all over now
It's all over now

Hey!

I've heard one too many
"one more chance please"
My trust has been broken
You lie like you breath
Oh baby it's over
I'll show you the door
Just keep on walkin'
You ain't welcome no more

It's all over now
It's all over now

They say that time can mend
A broken heart again
I'm bout to find if that's true
I hope I live to see
The day I have no memory
Of all the pain I've come to know as you

Oh it's all over now
It's all over now
It's all over now
It's all over now

Hey!
