There's a melancholy mood tonight
The moon's rising up in that eastern sky
I'm not sure if it's wrong or right
But I think I'm in love with you
Oh I think I'm in love with you

As the stars come into view
Oh there's a new glow surrounding you
And I'm not sure but I think it's true
Oh I think your in love with me
Oh I think your in love with me

Silly little thoughts
No nothing used to matter
Before I had the whole world on my platter
Before there was you
Before you came to me
You set me free
From all my childish things

Since I've found you in my world
You know I've become a different girl
My whole life's in one tragic swirl
Cause I think I'm in love with you
I think I'm in love with you

I never thought
No I never dreamed
That something like you
Would happen to me
I never imagined in my whole life
That something called love
Wouldn't just pass me by

Because there's something ironic about
How I thought I'd never find out
Exactly what people are talkin about
When they say they found love ever so true
Cause I think I'm in love with you
I think, I think, I think I'm in love with you
I think I'm in love with you...
