Someday I'll be happy I know  
When all of my sorrow is through  
Someday I'll have someone to hold  
But I know that someone can't be you  
You'll have your love  
And I'll have mine  
We might have shared the same love  
In some other lifetime  
Oh someday I know I'll be strong  
But someday sure ain't tonight

Someday I know I'll heal  
And soon all my tears will dry  
And I'll learn to feel  
This way for some other guy  
I know I'll forget a little at a time  
The way my heart raced  
When you lips met mine  
Someday I know I'll move on  
But someday sure ain't tonight  
Oh someday sure ain't tonight
