Blood red romance

I guess your words
Still tire me out
What was said
Cannot be found
I guess im first
But yet found last
I tried

Chorus:

Try and care
Im the one to be with you
Got a cold blue flare
Vision velvets set right threw
You're a dusty lust
You're my blood red romance

From ashes
Dust to dust
You look so bitter
But yet I must
You're my dirty
Valentine
Got yours
Cause u got mine

Chorus:

Guitar solo:

Blood red romance
Blood red romance
Blood red romance
Blood red romance
Blood red romance
Blood red romance
